The fact that people ride in automobiles and play baseball here is evidently hard to understand in the states, judging from the number of curious inquiries which come in the mails. Ketchikaners throw open their vests and smile when they read of heavy snowfalls and traffic tie-ups in New York and Boston.

Recommendations made by the State Americanization Committee at the last acting of the executive committee held in Albany were adopted. They are:

21. Free text books for all public school children.

22. Efficient health inspection and supervision of all public school children.

3. That the American Legion express at this time its deep concern over the threatened danger to the public schools from the struggle which is going on in many communities of the state over the control of school compenditures; and that it go on record as urging upon school boards and upon municipal officials alike the imperative need of a spirit of co-operation in the work of maintaining public education.
